Objective:

To gain practical experience and enhance my skills in full stack development by working in a dynamic and challenging environment, and contribute to the development of web applications that provide efficient and effective solutions to real-world problems. My goal is to leverage my knowledge of front-end and back-end technologies, such as HTML, CSS, JavaScript, Node.js, and database systems, to design and develop responsive and user-friendly web applications that meet the needs of clients and end-users. Through this internship/job, I aim to expand my knowledge of web development frameworks, project management methodologies, and software development practices, and develop a strong foundation for a successful career in the field of full stack development.

Education

Sushant University:-	2022-Present
BCA(Full Stack Development)	
Powered by Sunstone	
St. Mary's Public school	
Class XII	2022/ CGPA-7.9
St. Mary's Public school	
Class X	2020/CGPA-8.6

Skills

1. Technical Skills:

- a. HTML
- b. CSS
- c. JavaScript
- d. Bootstrap
- e. C Programming Language

2. Non-Technical Skills:

- a. Critical Thinking

- b. Problem Solving
- c. Time management
- d. Communication Skill
- e. Negotiation Skill

Projects

- **Basic Calculator**

Created a basic calculator using C programming in which we take two inputs from user and one operator, then according to the given operator's calculator show the output of the following inputs.
